
**Participation in One Day Training Programme on
“Renewable Energy & Energy Conservation”
Organized by SPRERI, VVNagar, Anand**

Undergraduate (Second and Third year) students of B.Tech. (Agricultural Engineering) and M. Tech (Renewable Energy Engineering) students and two faculty of REE Department, CAET, AAU, Godhra was participated in One Day Training Programme on “Renewable Energy & Energy Conservation” sponsored by Gujarat Energy Development Agency, Gandhinagar and Organized by SPRERI, VVNagar, Anand on 29/01/2024. The first session, Mr. Milan Sojitra from the Solar Energy Division addressed the students, introduced about the SPRERI and delved into the various technologies associated with solar energy. Dr. Anand N., Research Associate, Biochemical Conversion Division, conducted the second session, focusing on anaerobic digestion of organic wastes and bio-renewable energy. Ms. Drishya, Research Associate, Biochemical Conversion Division, took the third session, shedding light on LiFE (Lifestyle for Environment). The Head of the Department of Renewable Energy Engineering, CAET, Godhra, Dr. D.K. Vyas, shared valuable experiences in approaching farmers during extension programs. The sessions provided a comprehensive understanding of renewable energy and received constructive feedback for future improvements. M. Tech 3rd semester student Er. Jijnasha Bal expressed gratitude for the insights into environmental schemes and lifestyle changes. B. Tech 6th semester student Mr. Ankit Kumar suggested extending the training duration and providing more hands-on training.

Glimpse of Training Program
