[Click here for General Purpose Useful Softwares and Utilities](#)

[Click here Open Your Email within aau.in Domain....](#)

[Telephone Directory for AAU](#)

[HOUSING REGISTRATION FORM](#)

Guidelines to install security certificate in the computer (for Email users of Yahoo, GMail, MSN) Kindly use Internet Explorer 7 or above , Firefox 3.5 or above

- [Download the certificates](#)

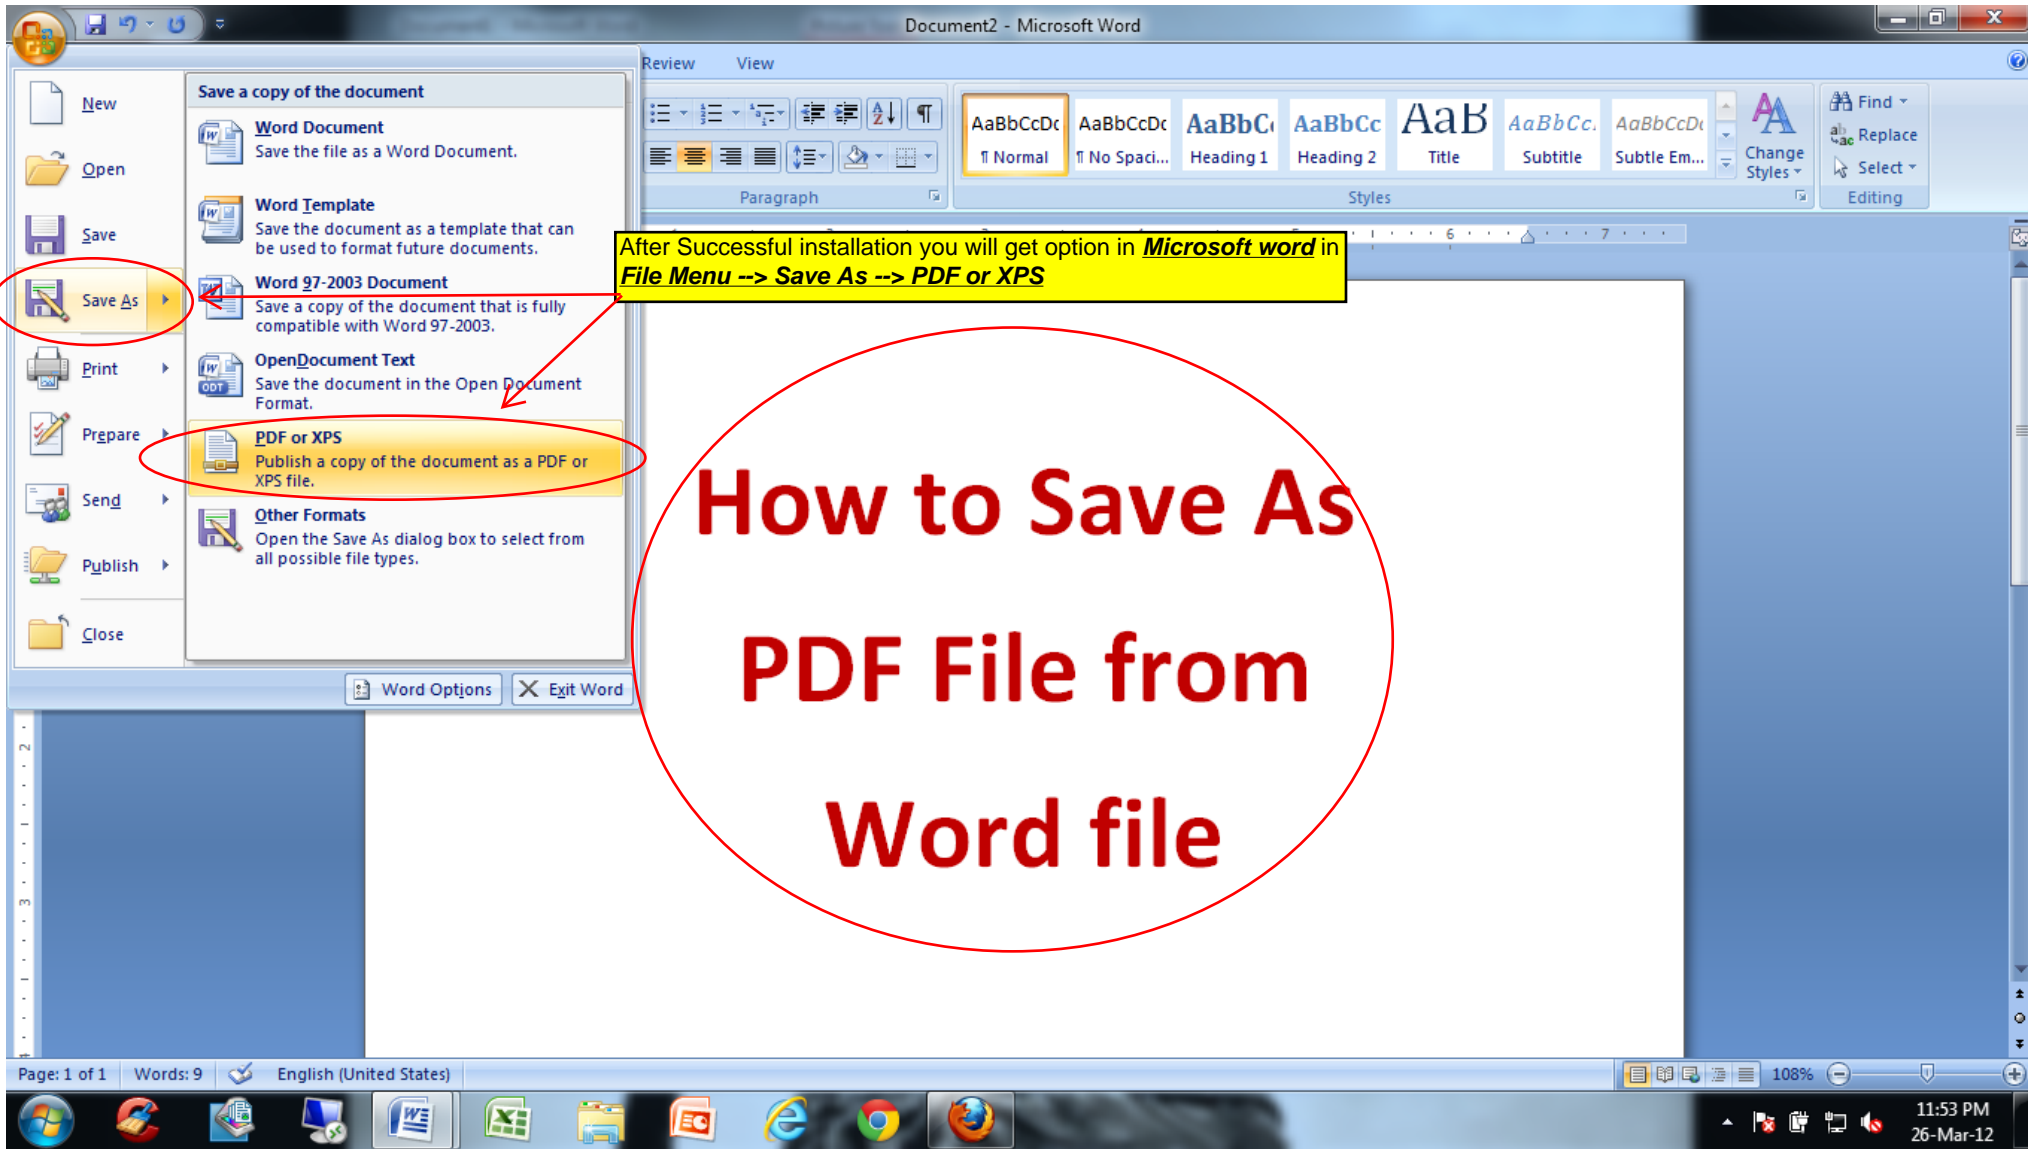

General Purpose Useful Softwares and Utilities [AAU HOME](#)

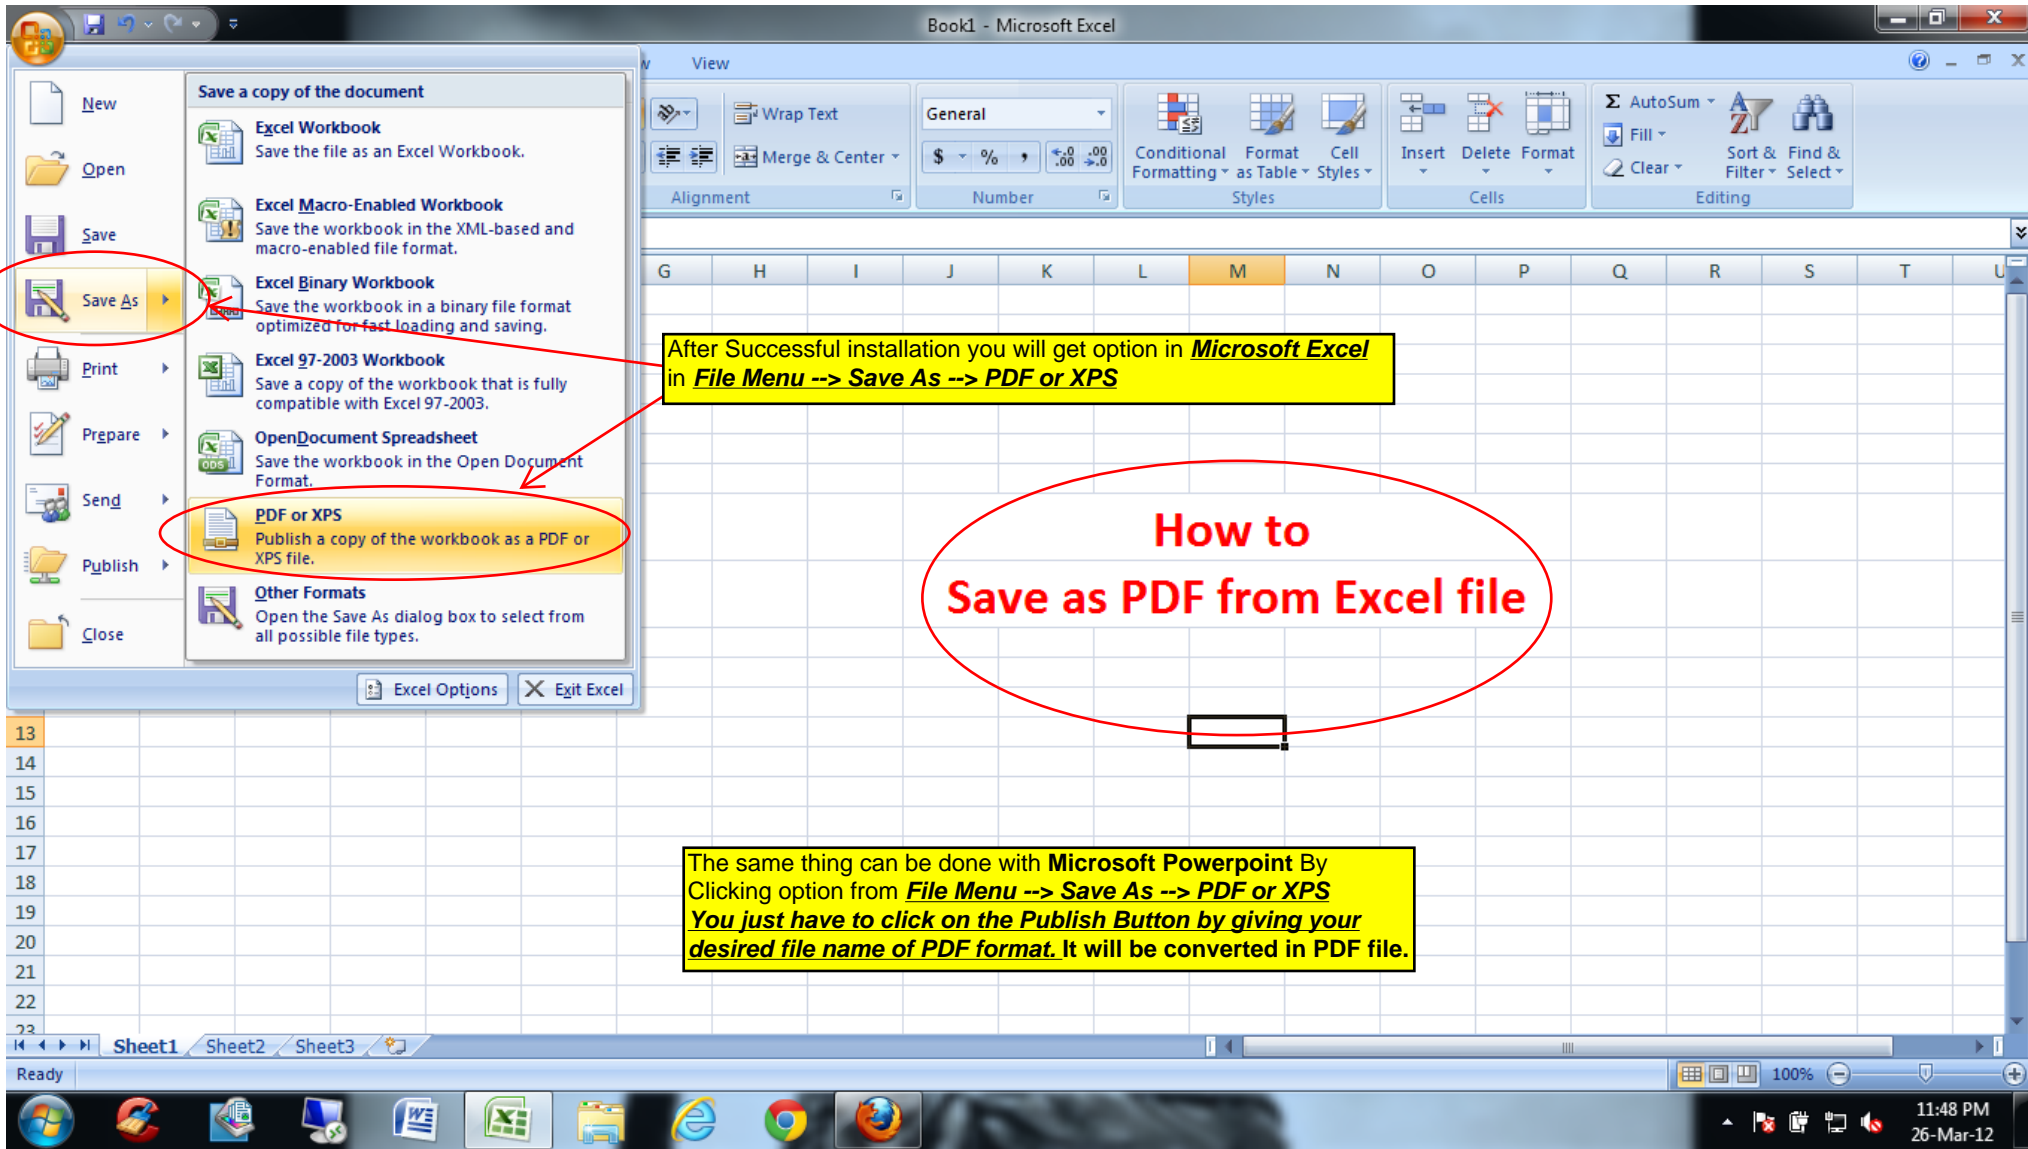

[Click here Open Your Email within aau.in Domain....](#)

First Install WinZip/WinRar in your PC then extract the following Softwares--> [Winzip & WinRar](#)

- [Rupee Symbol](#)
- [Microsoft Office 2007 to 2003 file format converter](#)
- [Save As your Office Document in PDF or XPS format](#)
- [Photo Pos Pro for Image Editing \(Like Photoshop\)](#)
- [Haihaisoft Universal Media Player](#)
- [Mylockbox Hide your files from other users](#)
- [Microsoft Silver light](#)
- [Microsoft Silverlight 4.0](#)
- [Microsoft Silverlight 5.0](#)
- [Microsoft Silverlight SDK](#)
- [Flash Player setup for Web-Browser](#)
- [PDF Reader](#)

Then click on the **Save AS Your Office Document in PDF or XPS format** and download the file to your computer. Then Extract that file and install it in your computer system.

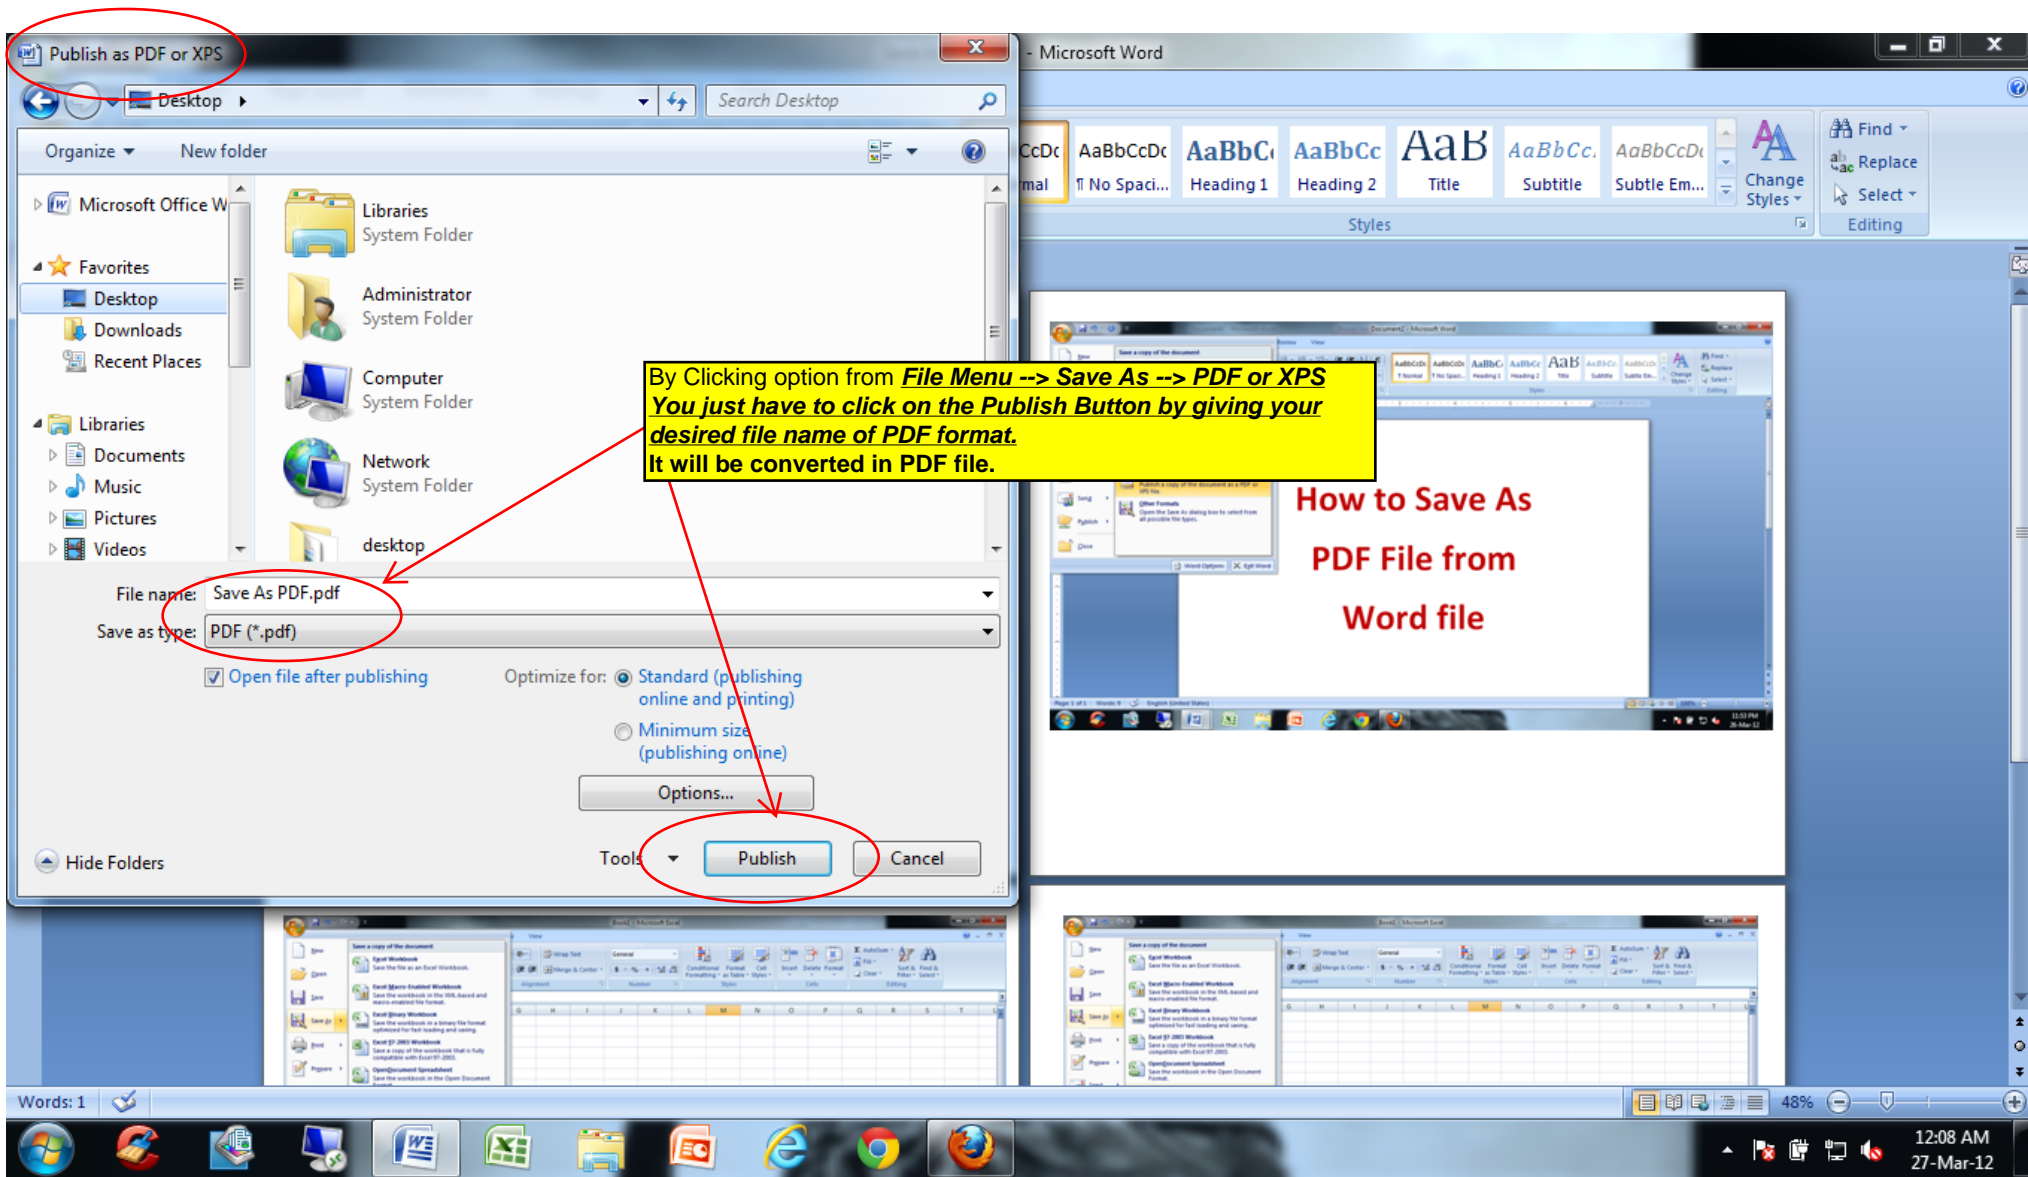

After Successful installation you will get option in **Microsoft Excel** in **File Menu --> Save As --> PDF or XPS**

How to Save as PDF from Excel file

The same thing can be done with **Microsoft Powerpoint** By Clicking option from **File Menu --> Save As --> PDF or XPS** **You just have to click on the Publish Button by giving your desired file name of PDF format. It will be converted in PDF file.**

The same thing can be done with Microsoft Powerpoint By Clicking option from **File Menu** --> **Save As** --> **PDF or XPS** You just have to click on the **Publish Button** by giving your desired file name of PDF format. It will be converted in PDF file.
