Dengue and Chikungunya Awareness Programme

Dengue is a mosquito-borne viral disease that has rapidly spread in all regions of WHO in recent years. It has become a regular picture that in every year many people of our country are killed due to Dengue and Chikungunya. The NSS unit of Polytechnic in Agricultural Engineering, AAU, Muvaliya Farm, Dahod organized a one day programme at Moti Sarsi Village, Dahod on 09/10/2021. At the beginning of the programme, the NSS volunteers visited the area in and around village, Moti Sarsi village and interacted with the local people and raise slogans through poster presentation awareness about Cleanliness in our daily life and advised the people about how to keep safe from various virus-borne diseases. Total 40 NSS Volunteers and staff members were present in this programme. Whole programme was framed and circulated by Prof. Sachin S.Chinchorkar, NSS Programme Officer under the guidance of Dr. M.M.Trivedi, Principal, PAE, AAU, Dahod.

Glimpses of 'Dengue and Chikungunya awareness Drive by NSS volunteers
