

INDUSTRY INSTITUTE INTERACTION CELL
College of Agricultural Engineering and Technology
Anand Agricultural University
Godhra - 389001

Participation of Graduate students in “Open House-2026” organized by Sardar Patel Renewable Energy Research Institute (SPRERI), V.V. Nagar

Third and Final year students of B.Tech. (Agricultural Engineering) and one fraternity of the college participated under Industry Institute Interaction Cell and Department of REE, CAET, Godhra in Open House-2026 on 25th February, 2026 organized by SPRERI. Dr. Anil Kumar Dubey, Director, SPRERI addressed the students and introduced about the SPRERI. He explained about the functioning of SPRERI and research activities carried out in the institute. During the interactive session, students exchanged their views with the director’s vision effectively. After the interactive session, students were exposed to various divisions of the institute in two batches. The institutional experts briefed up about the activities being undertaken towards enhancing green energy use in various agricultural activities. During the trip students gained practical knowledge about the handling of the different renewable energy based appliances having different characteristics and properties. The theoretical knowledge was imparted through experiential learning skills in the institute. Students expressed their heartfelt regards to the officials of SPRERI for the opportunity given to them. This trip was highly useful for the students in gaining practical knowledge and to explore training/job avenues in the field of renewable energy sector.
