

PLACEMENT BROCHURE 2022-24

INTERNATIONAL AGRI-BUSINESS MANAGEMENT INSTITUTE
ANAND AGRICULTURAL UNIVERSITY, ANAND - 388110

Lead From The Front

Performing best, better than rest, building an atmosphere of trust with positive, cheerful attitude and ready to go for initiative and achieve objectives. While achieving objectives it's important to lead from front in all circumstances with promoting a culture of learning and improvement. Being the umbrella and support in worse situation to complete the tasks on time are such values which IABMI teaches.

Sanskrit like text of 'iabmi' is a sign of 'Indianization' of the institute. The thick green tree with white canopy circumference and ample space within, speaks for prospects in agriculture. The human-like bole echoes the students & consequently, reveals the students-centricism of IABMI. The globe as the head signifies the Internationalization. In toto, the big tree with globe and waves represents the philosophy to bring out the best agri-business professionals who have the internationalization in thoughts.

To draw out the values and vision of the institute, the tagline "excel beyond excellence", is written under the LOGO. The tagline not only, emblazon the institute's ambitiousness to accomplish benchmarks in management education, but also persuades the institute to create new ones too! Deliberately written three words in the tagline is an easy remembrance of the fundamental duties of the faculty and students.

All-together, the LOGO exists as a sign of center of knowledge quintessence in Agri-business Management.

Vision

- Agriculturally Prosperous Gujarat and India

Mission

- Search for new frontiers of Agricultural Sciences
- Undertake basic research to breakthrough newer areas of knowledge.
- Development of excellent human resources and innovative technological services to farming community

FROM THE DESK OF

Vice Chancellor

Dr. K. B. Kathiria
Vice Chancellor, AAU

India has made tremendous progress in agriculture and allied sectors after its independence. Liberalization of policies of government, fostering public-private partnerships in different areas, and facilitating the entry of national and multinational companies into the agricultural value chain are some of the factors contributing to the progress being witnessed. Indian agriculture can reach the next stage of development and become a major international player in agribusiness markets if it can ensure the availability of qualified agribusiness professionals in the sector. Therefore, Agribusiness management education, is, attracting the attention of the policymakers of the country in view of the vast opportunities for growth that exist in the core areas like production, processing, marketing, exports, etc.

Gujarat is one of the most developed states in India. Its agricultural strength lies in its diverse climate, robust marketing infrastructure, and enterprising farmer base. With a view to clubbing these factors together and getting the most out of it, International Agribusiness Management Institute was established by the Government of Gujarat in 2008. The MBA (ABM) is a two-year program with an emphasis on value-based holistic learning. The students at IABMI are drawn from those having UG degrees in Agriculture and allied activities fields.

IABMI is a preferred institution amongst students aspiring for admission to an MBA(ABM). At IABMI, students are exposed to a rigorous, broad-based academic curriculum that goes beyond classrooms. The students are molded into future-ready professionals through a combination of academics, personality workshops, and industry exposure. This provides them with the much-needed exposure to bridge the gap between theory and practice.

I am delighted to present batch 2021-23 for final placements of our prestigious MBA(ABM) program. The students of the batch are well-equipped with the necessary knowledge and skill to seek opportunities for themselves. I am quite confident that they will be true assets to agribusiness organizations and contribute the most to the growth and development of the nation at large.

(K. B. Kathiria)

FROM THE DESK OF **Principal & Dean**

Dr. R. S. Pundir

Principal & Dean, IABMI

As we navigate through the ever-evolving landscape of agriculture and agribusiness which is dominated by small and marginal farmers, our mission at IABMI, AAU, Anand remains steadfast in nurturing young professionals equipped to drive transformation in the sector since its inception in 2008. In order to feed 140 crore Indians, we need to move towards innovation, technology, sustainable practices, and policy support. By adopting a holistic and multidimensional approach, agriculture can play a crucial role in ensuring global food security for generations to come. In such situations, Agribusiness plays a pivotal role in ensuring food security, fostering rural development and mitigating the challenges posed by climate change.

IABMI focuses on providing the students with a deep understanding of agriculture and Agri-Business. The curriculum combines theory with hands-on experience to prepare graduates for industry challenges. Our faculty comprises experienced members from esteemed institutions, supplemented by guest lectures from experts in the corporate sector.

The institute is equipped with cutting-edge infrastructure, including smart classrooms. It seems essential to mention that 10 students from the institute were able to reap the benefit of foreign training at the Asian Institute of Technology (AIT) in Thailand and Sabaragamuwa University in Sri Lanka under the Centre of Agricultural Market Intelligence, NAHEP-CAAST, AAU in 2023.

We take immense pride in our students, who are equipped not only with technical expertise but also with a deep-rooted passion for transforming the Agri-Business landscape. Their interdisciplinary skills, coupled with a strong foundation in finance, marketing and supply chain management make them ideal candidates for a wide range of roles within the Agri-Business sector. To understand the dynamic need of Agri-based industries and gain hands-on experience, students at IABMI have to undergo two field segments, as a part of their academic requirements, namely a summer internship of 45 days and final project work exclusively of one semester duration. Both these projects are industry-oriented under the guidance of faculty as well as industry advisors.

Our students bring with them a unique blend of academic excellence, leadership potential and in-depth understanding of the intricacies of Agribusiness. I am confident that, if given the opportunity, you would acknowledge our efforts in developing young agricultural professionals to cater to the needs of the industry in this rapidly evolving business environment

(R. S. Pundir)

About AAU

Anand Agricultural University (AAU) was established in 2004 at Anand with the support of the Government of Gujarat, Act No.(Guj 5 of 2004) dated April 29, 2004. Caved out of the erstwhile Gujarat Agricultural University (GAU), the dream institution of **Sardar Vallabhbhai Patel** and **Dr. K. M. Munshi**, the AAU was set up to provide support to the farming community in three facets namely education, research and extension activities in Agriculture, Horticulture, Engineering, product Processing and Home Science. At present there are seven Colleges, twenty five Research Centers and six Extension Education Institute working in nine districts of Gujarat namely **Ahmedabad, Anand, Dahod, Kheda, Panchmahal, Vadodara, Mahisagar, Botad and Chhotaudepur**

AAU's activities have expanded to newer commodity sectors such as soil health card, medicinal plants apart from the mandatory ones like rice, maize, tobacco, vegetable crops, fruit crops, forage crops, animal breeding, nutrition and dairy products etc. the core of AAU's operating philosophy however, continues to create the partnership between the rural people and committed academic as the basic for sustainable rural development. In pursuing its various programmes AAU's overall mission is to promote sustainable growth and economic independence in rural society. AAU aims to do this through education, research and extension education. Thus, AAU works towards the empowerment of the farmers.

Mandate

Education

Impart education to the students in agriculture and allied fields

Research

Conduct research in order to improve the productivity of rural areas

Knowledge

Undertake basic research to breakthrough newer areas of knowledge

Training

Provide opportunities to observe and understand the life of rural people

Life Skills

Enable the students to inculcate the attitudes and develop skills relevant for grass-root work

ABOUT IABMI

International Agribusiness Management Institute was established in August 2008. The institute offers two years Master of Business Administration (Agribusiness Management) as well as three years Ph.D.(Agribusiness Management) programmes with a core focus on agribusiness and international trade. This post graduate programme is aimed to craft professional business leaders, entrepreneurs and academicians in the food and agri-business sectors. The institute maintains a rigorous intellectual teaching process to mould the students to the standards of international level. With the concrete weightage to the industrial needs in the course curriculum, various outside scholars not only from academics, but also from various well known organizations are invited for their input to the students.

The Institute provides a good educational environment with the core support and dedication of faculties to make the students competitive in the business galaxy and also to become a good human being to the society.

To provide class room education as well as practical and analytical market oriented training to the students pursuing career in agribusiness, rural marketing and international agribusiness sectors.

To architect agribusiness professionals for agriculture, agri food firms, rural and allied sectors.

To encourage entrepreneurial spirit and develop qualified human resources for serving agri-based industry and rural development.

To cater to the needs of enterprises and cooperative agribusiness at national and international level.

Objectives

Infrastructure

IABMI campus is having best class infrastructure that promotes teaching, professionalism, and other recreational activities. Located in the lush green campus of the Anand Agricultural University further adds value to its infrastructure.

The Campus

Located in the lush green campus of Anand Agricultural University, which gives a very pleasing and relaxing ambience for the students of IABMI. Having best in class architecture along with perfect balance between landscape and modern facilities like 24*7 CCTV surveillance, Wi-Fi Connectivity throughout the campus

Lecture Halls

Having state of the art design amphitheatre styled classrooms in the institute having fully air-conditioned along with digital projector, audio-visual equipment and Wi-Fi equipped classrooms which makes the learning more engaging for the students.

Library

The college of IABMI has its own library having more than 270 books currently and counting having annual subscription of the agriculture, business magazines and newspapers for enrichment of knowledge in the students. Additionally many journals and periodicals, newsletters are also part of the college library. In addition to this library, the university is also having another central library called M.D.Patel Regional library with wide range of books, journals, periodicals, newspapers etc.

Gymnasium

Having a Gym Facility inside the college campus itself gives students more facility for the health and fitness of the students with qualified instructor for different kinds of workouts.

Seminar Hall

The institute is having a seminar hall having seating capacity of 110 people at a time for the guest lecturing or arranging any kind of academic activity gives an edge over other institutions for having cutting edge audio visual equipment, digital projectors and fully air-conditioned hall

Infrastructure

Health Centre

Believing in the Saying that 'Health is Wealth', the university is having a health centre and full time qualified doctors which gives primary health care facilities for students and every employee of the University.

Computer Laboratory

The institute is having a fully functional and dedicated computer lab with state of the art computer facility along with Wi-Fi and internet connectivity which can also be used by students for accessing E-resources of the available books in the library from the database.

Accommodation

IABMI is having hostel facility for the accommodation of the students of the institute. There are two hostels for the students of IABMI namely:

Balram PG Boys hostel

About 192 students of various semesters are residing in boys PG hostel. For MBA(ABM) programme one floor of hostel having 48 rooms is allotted. Each room is equipped with one tube light, fan, wooden table, chair, steel cot & large steel cupboard. The hostel is having various facilities such as Wi-Fi, Dining hall, gymnasium facilities, TV room, cooler with RO water purifier system, water heater system for hot water, newspaper stand, various sport equipment's etc.

Megha PG Girls Hostel

There are total 96 rooms distributed on four floors of the hostel. The rooms have facilities of two large cupboards, individual cot, table and chair for the girls. The hostel is having various facilities such as Wi-Fi, Dining hall, TV room, cooler RO water purifier system, water heater system for hot water, newspaper stand, various sport equipment's etc.

Why Recruit At IABMI ?

IABMI's Excellence

Having excellent regular faculty with rich experience and expertise from renowned academic institutions across the country.

A Polestar of Merit

Here at IABMI, the exceptional and diverse skills of the students are recognized and further honed for their evolution into managers armed with command of the nuances of the agribusiness world.

Geographical Diversity

The institute has a mixed lot of students from different states of India which facilitates a wider cultural exposure and encourages a constructive and integrated environment. We have students from 9 universities and 6 states of the India.

Industrial and Rural Exposure

Students undertake 45 days summer training and one semester duration project work at various reputed business organizations. Both are industry oriented aimed at providing practical knowledge. Students also get an opportunity to interact and undertake live project with farmers and various distribution channel members

Selection Procedure

All India entrance exam ,group discussion, personal interview .

Alumni Speak

In today's unpredictable, uncertain, complex, and ambiguous world, having an entrepreneurial attitude, regardless of the organisation in which one works, is critical to success. IABMI successfully sows the seeds of entrepreneurship in its students' minds.

Hardik Patel
Technical Sales Account, Manager, Connell

For me, IABMI has been more than just a platform to gain management skills from best-in-class professors; it has been an experience with life-long learnings. I will treasure my time at the Institute for the rest of my life.

Shrinik Bhangе, Manager,
Agri-finance Division,
Indusind Bank Ltd., Nasik

IABMI was a valuable addition to my life that gave me a competitive advantage and enabled me to achieve my goals.

Samir Lakhani
Regional Sales & Business Development Manager,
Adare Food Ingredients Pvt. Ltd. , West Bengal

It is truly an exceptional experience to study at IABMI, with such experienced faculty, a good educational environment, culture, and all other amenities such as the library and PC lab. I am grateful to every one!!

Keyur Upadhyay
Key Accounts Managers
International Flavour Fragrances

The most important thing for a space shuttle to take off is the optimum thrust and that is what IABMI provided me. It gave me the right tool that has landed me with perfect kick start to my career.

Rahul Dubey
Territory Manager, Bayer, Chhattisgarh

Words cannot express how grateful I am to IABMI and its faculty. I am grateful to have been taught by such supportive teachers who have always motivated us. Thank you for your dedication and hard work

Purankumar Soni
Area Marketing Manager
Crystal Crop Protection
