The above groups are formed to provide a comprehensive guidance to the students to maintain academic atmosphere, help them aim at right career opportunity and be a better human being eventually.

All the counselor should contact their students every month of respective semester without fail. All the students should contact their counselor regarding academic and any other grievances.

The involved students and counselors are requested to meet regularly and take interest to create a network so that all the students are accountable for their activities in the college and hostel. I am sure this will help enhance our effort to build a better academia and we all will be benefitted from the process.
