

Awareness cum exposure visit of students to Regional Research Station and Main Vegetable Research Station

Under the NSS Unit, College of Agricultural Information Technology, AAU, Anand organized awareness cum exposure visit of students at the Regional Research Station (RRS) and Main Vegetable Research Station (MVRS) on 31st August 2024 to make aware of different activities done in AAU. During this visit, NSS volunteers visited the RRS farm and Anubhav seeds production units. Dr. A. S. Bhanvadia Research Scientist & Nodal Officer (Seed) and Head, AAU, Anand gave the information about seed production and the procedure for buying the Anubhav seeds. Shri V. B. Patel, Assistant Research Scientist took students for a visit and gave information about how to produced new varieties. During the visit, NSS volunteers travelled in the tractor and enjoyed a lot of nature. In the Main Vegetable Research Station, Dr. N. A. Patel provided information about protected cultivation and nursery management in the vegetable crop. The programme was framed by NSS programme Officer Dr. Kiran Chandravadia under the guidance of Dr. Y.R. Ghodasara, Principal & Dean, CAIT, Anand.
