

# **CAREER OPPORTUNITY PROGRAM BY AMBUJA CEMENT FOUNDATION**

A career opportunity program was organized at the **College of Agriculture, Anand Agricultural University, Jabugam**, by **Ambuja Cement Foundation** on **28<sup>th</sup> March, 2025** for 8<sup>th</sup> Semester Students. The session was conducted by **Mr. Jitesh Joshi** from Ambuja Cement Foundation, who provided valuable insights into employment opportunities available at their organization.

During the program, students were informed about various career prospects at Ambuja Cement Foundation, including job roles, eligibility criteria and the skills required to excel in the industry. Mr. Jitesh Joshi elaborated on the foundation's work in rural development, sustainable agriculture and corporate social responsibility (CSR) initiatives, highlighting how graduates in agriculture can contribute meaningfully to these domains.

The session was highly interactive, with students engaging in discussions and seeking clarifications on career paths within the organization. The event proved to be an excellent platform for students to explore potential job opportunities and understand industry expectations.

**Dr. Azadchandra Damor**, Assistant Professor and Placement Co-ordinator, served as the co-ordinator for the entire program. He played a crucial role in facilitating the session and ensuring its smooth execution.
