

**Celebration of Fresher's Day at**

**College of Food Processing Technology & Bio Energy, AAU, Anand**

The College of Food Processing Technology & Bio Energy at Anand Agricultural University, Anand, celebrated Fresher's Day (Aagaaz) on October 22, 2024, with enthusiasm and excitement to warmly welcome the newly admitted first-year students. The event aimed to provides an opportunity for freshers to get familiar with the college environment, build confidence, and create a sense of community as they begin their academic journey.

The entire event was organized by the 2<sup>nd</sup> Year B. Tech. (Food Technology) students under the guidance of the SRC Chairman. Event was a blend of formal and informal activities. In the first half of the function, formal function was organized in the auditorium hall where the first-year students introduced themselves and showcased their talents through various creative and public speaking tasks assigned by the senior students in front of all faculty members and students. The faculty members appreciated the creativity and performance shown by the new students and also awarded titles such as Mr. Fresher, Ms. Fresher and Best Performer of the event with trophies and gifts. Second half of the event was more relaxed and of full of fun wherein various games were organized. All the new students participated, played, and enjoyed the events arranged by their seniors.
